Introduction to the
Desktop Manual

Email Verification

Following the creation of your user account, you will be sent a verification email from the AMLHub. If you cannot find this email in your primary inbox, it may be in your junk mail or spam folder.

1. Ensure the email is in your primary inbox. This may mean it has to be moved from your junk mail or spam folder.
2. Click 'verify email'.
3. Set your password (minimum of 8 characters).

Your user account is now verified; you can log in to both the AMLHub app and desktop with your email address and password.

Login

1. Visit the AMLHub desktop login page (amlhub.co.nz).
2. Log in using the following credentials:
 - email address; and
 - password – as you created it through the verification email, unless you have reset it since then.
3. You will be directed to a page where you select a reporting entity you would like to view. The number of reporting entities displayed on this list will depend on how many entities your user account is assigned to.

Password Reset

Unable to Log in to the AMLHub Desktop

If you are unable to log in to the AMLHub app or desktop due to either forgetting your password or entering an incorrect one, this can be reset from the AMLHub desktop login page.

1. Visit the AMLHub desktop login page (amlhub.co.nz).
2. Click 'forgot password?'.

3. Enter the email address associated with your user account.
4. Click 'send reset link'.
5. You will be sent an email allowing you to reset your password. If you cannot find this email in your primary inbox, it may be in your junk mail or spam folder.

Able to Log in to the AMLHub Desktop

Alternatively, if you are able to log into the AMLHub desktop, you can reset your password using the left-hand sidebar.

1. Click on your name, found in the bottom left-hand corner of the screen.

2. Click 'profile'.
3. Click 'request password reset'.
4. A pop-up message will appear to signal that a password reset email has been successfully sent to the email address associated with your user account. If you cannot find this email in your primary inbox, it may be in your junk mail or spam folder.

Updating Details

If you would like to update your details, you can do so from the dashboard of a reporting entity.

1. Click on your name, found in the bottom left-hand corner of the screen.

2. Click 'profile'.
3. The following pop-up window will appear.

INDIA MANTHEL DETAILS

First Name

Last Name

Email

REQUEST PASSWORD RESET

CLOSE
SAVE

4. Make any necessary changes to your first name, last name and/or email address.
5. Click 'save'.
6. It is now safe to click 'close', and exit out of the pop-up window.

Dashboard

The dashboard of a branch will look as follows. Please note: the tiles on your dashboard may appear as either red, orange or green – each colour corresponds to a particular message.

- **Green**
No warnings or issues.
- **Orange**
One or more outstanding warnings
- **Red**
One or more outstanding issues.

To navigate to various aspects of the AMLHub, use either the left-hand sidebar or the tiles displayed on the dashboard.

Management Reports
India Manthel

Switching Reporting Entities

1. From the dashboard of a reporting entity, click on this  icon, found to the left of the reporting entity's name.
2. Click 'browser'.

3. You will be directed to the homepage, displaying a list of reporting entities you are assigned to.
4. Click on the reporting entity you would like to switch to.
5. You will be directed to the dashboard of the reporting entity you have selected.

Logging Out of your Account

Logging out of your account can be done from the dashboard of a reporting entity.

1. Click on your name, found in the bottom left-hand corner of the screen.

2. Click 'sign out'.
3. You will be directed to the login page of the AMLHub desktop.

User Management

Navigation

You can navigate to the 'User Management' section of the AMLHub desktop through the left-hand sidebar, or by clicking on the tile found on the dashboard.

Searching for a User

The page will display a list of users, where you can navigate between multiple pages of

users by scrolling to the bottom of the page and using these arrows. To search for a user, type their name into the 'Search Users' field.

Review Date

The review date set for the reporting entity's 'User Management' section can be found in the top right-hand corner of the screen  **REVIEW DATE: JAN 01 2021**. To edit this review date, click on this icon.

Adding & Removing Users

Adding a User

Adding a user to a reporting entity can be done through the 'User Management' section of the AMLHub desktop.

1. Click the  button.
2. The following pop-up window will appear.

A modal form titled 'CREATE USER'. It contains four input fields: 'First Name', 'Last Name', 'Email', and 'Role' (a dropdown menu). At the bottom, there are two buttons: 'CANCEL' and 'CREATE'.

3. Enter the first & last name, email and role for the user.
4. Click 'create'.
5. A pop-up window will appear to signal that the user has been successfully created.

Removing a User

Note: if the user is a staff member, they cannot be removed from a reporting entity until their staff membership period has been concluded.

Removing a user from a reporting entity can be done through the 'User Management' section of the AMLHub desktop.

1. Locate the user you would like to remove by typing their name into the 'Search Users' field.
2. Click on this  icon, found to the right of the user's name.
3. The following pop-up window will appear.

A confirmation dialog box with a light gray background. At the top, it asks "Are you sure you want to remove access for the following user?". Below this is a white rectangular box containing the text "Jane Tester". At the bottom, there are two buttons: a white button with the text "CANCEL" in blue, and a red button with the text "REMOVE" in white.

4. Click 'remove'.
5. A pop-up message will appear to signal that the user has been successfully removed from the reporting entity.

Updating a User Role

Updating the role of a user can be done through the 'User Management' section of the AMLHub desktop.

1. Locate the user whose details you would like to update by typing their name into the 'Search Users' field.
2. Click on this  icon, found under the 'Actions' field to the right of the user's name.
3. The following pop-up window will appear.

UPDATE JANE TESTER

First Name
Jane

Last Name
Tester

Email
jane@amlsolutions.co.nz

Role
AMLSO

CANCEL **UPDATE**

4. Select a role for the user from the drop-down menu.
5. Click 'update'.
6. A pop-up message will appear to signal that the user has been successfully updated.

Re-Sending Email Verification

Re-sending a verification email to a pending user can be done through the 'Users' section of the AMLHub desktop.

1. Locate the user you would like to re-send a verification email to by typing their name into the 'Search Users' field.
2. Click on the **Pending** icon, found to the right of the user's name.
3. The following pop-up window will appear.

Resend email invite to the following user?

Jared Jenkins

CANCEL **RESEND**

4. Click 'resend'.
5. Another verification email will be sent to the email address associated with the user's account. If they do not receive the email, this may be found in their junk mail or spam folder.

User Notifications

Enabling and/or disabling a user's email subscriptions can be done through the 'User Management' section of the AMLHub desktop.

1. Click on this  icon, found under the 'Actions' field to the right of the user's name.
2. The following pop-up window will appear.

INDIA MANTHEL'S EMAIL SUBSCRIPTIONS

☐ New Deal Created

☐ Weekly Overview

CANCEL UPDATE

3. Click on the bar icon displayed to the left of any email subscription(s) you would like to turn on or off. The bar will appear grey if turned off and blue if turned on for that user.
4. Click 'update'.
5. A pop-up message will appear to signal that notifications for the user have been successfully updated.
6. If select notifications are turned on for a particular user, you will receive these email notifications to the email address associated with your user account.

Staff Members &
Vetting

Introduction

Staff vetting is a requirement for all staff involved in AML obligations, such as onboarding new vendors and clients.

What is the Difference Between Staff Members and Users?

A *user* is a member added to a reporting entity. Depending on their allocated role, users are able to view different sections of the AMLHub desktop.

Users *without staff memberships* are those with no involvement in such AML obligations, for example, third party providers (CDD Outsourcing). Users with no staff membership may be allocated to several reporting entities, however, do not need to be vetted and cannot be added to the training register.

A *staff member* is a further classification of a user. A user meets the criteria for staff membership if they are involved in AML obligations, such as onboarding new vendors or clients. Staff members must be vetted.

Creating a Staff Membership

Note: to be added as a staff member, the user must have already been created and added to the reporting entity.

Classifying the user as a staff member can be done through the 'User Management' section of the AMLHub desktop.

1. Click on the  button, found under the 'Staff Member' field to the right of the user's name.
2. The following pop-up window will appear.

The image shows a 'CREATE STAFF MEMBERSHIP' pop-up window. It has a title bar at the top. Below the title bar, there are two input fields: 'Start Date' with a placeholder 'DD/MM/YY' and 'End Date (Optional)' with a placeholder 'DD/MM/YY'. Below these fields is a checkbox labeled 'Staff Member Should Be Trained'. At the bottom of the window, there are two buttons: 'CANCEL' and 'CREATE'.

3. Enter the start date of the user; this should be the date the user started with the company. Entering the user's end date is an optional field.

- Click on the 'Staff Member Should Be Trained' tick box, then select a respective training role for the user. If not selected, the staff member will not be added to the training register.
- Click 'create'.
- The following pop-up window will appear.

VETTING	START DATE	TO	END DATE	STATUS	VETTED	ACTIONS
▼	Oct 30 2019	to	Unknown	ACTIVE	Not Vetted	

India Mantel has not been vetted

VET

CLOSE

- The user is now an active staff member, which means they are ready for vetting.

Vetting a Staff Member

Note: any staff member hired before the 1st of January 2019 can be exempted from the vetting process. All staff members hired after the 1st of January 2019 will need to be vetted.

- From the pop-up window displayed in the image above, click on the  button. This window can be accessed either directly after creation of a staff membership, or by clicking on the following icon , found under the 'Actions' field to the right of the user's name.
- The following pop-up window will appear after clicking the  button.

To update the checks completed, click on the UPDATE button and make any necessary changes.

Uploading Vetting Documents

Vetting documents from checks conducted on a staff member can be uploaded to the AMLHub for accessibility and staff monitoring.

1. Open the staff memberships window either directly after creation of a staff membership, or by clicking on the following icon , found under the 'Actions' field to the right of the user's name.
2. Navigate to the 'Vetting Documents' tab of this window.

The screenshot shows a web interface titled "INDIA MANTHEL'S STAFF MEMBERSHIPS". It features a table with columns: VETTING, START DATE, TO, END DATE, STATUS, VETTED, and ACTIONS. The first row shows a vetting record for "Oct 30 2019" to "Unknown", with a status of "ACTIVE" and a vetted date of "Oct 30 2019". Below the table, there are tabs for "Vetting Details", "Vetting Documents" (which is circled in red), and "Vetting Notes". The "Vetting Details" tab is active, showing a list of checks run: "Checked Criminal History" (checked), "Checked PEP Status" (checked), "Confirmed Qualifications" (unchecked), "Identified Secondary Interests" (unchecked), "Met In Person" (unchecked), "Obtained and Verified References" (unchecked), and "Reviewed Application" (unchecked). To the right, the "Details" section shows the text "Vetting approval procedure was completed by India Manthel." and the date "Date: Oct 30 2019". At the bottom right, there are "UPDATE" and "DELETE" buttons. A "CLOSE" button is at the bottom center.

3. Click on the  button.
4. Name the document.
5. Click 'browse' to select the document from your library.
6. Click 'create'.
7. The uploaded document will then be displayed in the following window, under the 'Vetting Documents' tab.

Concluding the Staff Membership Period for a User

Before concluding the period of staff membership, please check the CDD register to see if the staff member is assigned to any 'New' or 'Ready' matters. If this is the case, ensure a new user is added to such matter(s) before the staff member's period is concluded.

1. Open the staff memberships window either directly after creation of a staff membership, or by clicking on the following icon found under the 'Actions' field to the right of the user's name.
2. Click on the 'edit' icon, displayed in the following window.

3. Enter the end date of the staff membership for the particular user.
4. Click 'update'.
5. Underneath the 'Staff Member' tab found to the right of the user's name, it will now say 'ended' with a subsequent end date.

India Manthel	india@amlsolutions.co.nz	Ended Oct 30 20...
---------------	--------------------------	--------------------

6. If the user has left the reporting entity entirely and needs to be removed as a user from the branch, click on the  icon, found under the 'Actions' field to the right of the user's name.

Removing Staff Membership from a User

Removing the staff membership title from a user should be done only if, for example, the user was added as a staff member by mistake. If this is not the case, users should have their staff membership period concluded following the outlined procedure above.

Before removing the staff membership, please check the CDD register to see if the staff member is assigned to any unverified matters. If this is the case, ensure a new user is added to such matter(s) before the staff member is removed.

Note: this does not remove the user from a reporting entity, it removes the title of staff member from the user's profile.

1. Open the staff memberships window either directly after creation of a staff membership, or by clicking on the following icon , found under the 'Actions' field to the right of the user's name.
2. Click on this  icon, displayed in the following window.

CDD Register

Introduction

The CDD register contains all matters loaded to the AMLHub by users of a reporting entity through either the AMLHub desktop or app. When first created, these matters will be unverified; they will then undergo the verification process, by those authorised to do so.

Navigation

There are three sections of the CDD register – ‘Matters’, ‘Beneficial Owners’ and ‘Investigations’.

Matters Section

The page will display the following five tabs:

- **New**
The matter appears here following its initial creation through either the AMLHub app or desktop.
- **Ready**
A list of all matters marked ready for verification, but not yet verified.
- **Verified**
Matters are moved to this section following the completion of the verification process.
- **Closed**
Matters should be moved to this section of the CDD register from the ‘Verified’ section when the file is closed.
- **All**
A combined list of all new, ready, verified and closed matters.

The CDD register additionally contains the ‘Activity Log’, which keeps a record of all activity occurring within the CDD register. You can navigate here by clicking on ‘Activity Log’, adjacent to the five tabs mentioned above.

Matters displayed within a particular tab of this section can be sorted through this  icon.

The fields displayed for each matter within a particular tab can be adjusted through this  icon.

Beneficial Owners Section

The page will display the following four tabs:

- **New**
Owners appear here following their creation through either the AMLHub app or desktop.
- **Temporarily Excepted**
A list of all owners that have been granted a temporary exception from the verification process.
- **Verified**
Owners will be moved to this section following the completion of the verification process.
- **All**
A combined list of all new, temporarily excepted and verified owners.

Owners displayed within a particular tab of this section can be sorted through this  icon.

The fields displayed for each owner within a particular tab can be adjusted through this  icon.

Investigations Section

This page displays a list of all company ownership investigations undertaken for companies onboarded to this reporting entity's CDD register. Results can be filtered using the fields in the top right-hand corner of the screen.

Review Date, Issues & Warnings

The review date set for the reporting entity's CDD register can be found in the top right-hand corner of the screen. To edit this review date, click on this ✓ REVIEW DATE: JUN 01 2021 icon.

Issues and/or warnings may appear in the CDD register in relation to temporary exceptions.

- A warning ! 1 WARNING will appear if a temporary exception has been granted for an individual and has not yet 'failed' or been resolved.
- An issue ! 1 ISSUE will appear if a temporary exception has surpassed its due date and is now overdue.

Warnings and issues are displayed in the top right-hand corner of the CDD register. Clicking on either icon will display the respective details of any outstanding warnings or issues.

Navigation Within a Matter

Once a matter has been created, there are four tabs you can navigate between within its structure.

CDD Register / Matters / Matter 1234 - Example

✓ REVIEW DATE: JUN 01 2021

Structure Parties Individuals Investigations

- Structure**
A diagram of the matter's entire structure, including all individuals and parties onboarded to the AMLHub at their respective levels.
- Parties**
A list of all parties onboarded to the AMLHub for that particular matter.
- Individuals**

A list of all individuals onboarded to the AMLHub for that particular matter.

- **Investigations**

A list of all company ownership investigations carried out on companies within that particular matter.

Creating and Deleting Matters

Creating a Matter

Creating a matter through the AMLHub desktop can be done under the 'New' tab of the CDD register 'Matters' section.

1. Click on the  button.
2. The following pop-up window will appear.

3. Enter a name for the new matter.
4. Click 'create'.
5. You will be redirected to the matter's structure.
6. From here, individuals and parties can be onboarded to this matter. To enter further details about the matter itself, click on the matter name and an 'Update Matter' pop-up window will appear on the right-hand side of the screen.

Deleting a Matter

Deleting a matter should only be utilised in the instances of duplicates or accidental creation.

Deleting an unverified matter can be done through the 'New' tab of the CDD register 'Matters' section.

1. Click on this  icon, found under the 'Actions' field to the right of the matter name.
2. Click 'delete'.
3. The following pop-up window will appear.

4. Click 'delete'.

Assigning Users to a Matter

Individuals with less permissions – such as sales agents – are only able to view and edit matters in the CDD register of the AMLHub desktop and their 'Update a Matter' section of the AMLHub app that they have been assigned to.

Individuals with more permissions – such as senior staff members – can view all matters in the CDD register of the AMLHub desktop; however, these individuals must be assigned to a matter if they want to view and edit this matter through the app.

Assigning users to an unverified matter can be done through the 'New' and 'Ready' tabs of the CDD register 'Matters' section.

1. From the list of matters displayed under the 'New' or 'Ready' tab, click on the matter name.
2. You will be redirected to the structure of the matter.
3. Under the matter's structure, click on the matter name.
4. An 'Update Matter' pop-up window will appear on the right-hand side of the screen.
5. Under the 'Details' tab of this page, there is a 'Users' field. Click on this field and a drop-down menu will appear.

Onboarding Individuals and Parties

Onboarding an Individual

Onboarding an individual can be done, after a matter is created, through the 'New' tab of the CDD register 'Matters' section.

1. From the list of matters displayed under the 'New' tab, click on the matter name to bring up the structure of the matter.
2. Click on this  icon, found to the right of the matter or party name.
3. Depending on the level within the structure, select 'add client – individual' or 'add individual'.

4. The following pop-up window will appear on the right-hand side of the screen. Enter the individual's details into the respective fields. Points to note:
- Based on the individual's level of risk, a review period can be set in this window for the individual's activity.
 - Entering an email address and phone number are especially important if you require CDD Outsourcing, so the individual can be contacted.

Run-Down of Individual Types

- **25%+ Ownership**
This is where someone owns more than 25% of the asset, meaning they are a beneficial owner.
- **Trustee**
Named in a trust deed as the trustee of a trust. For example, for a family trust this would typically be the husband and wife, and their lawyer.

- **Settlor**
Settlor of the trust; the named Settlor in a trust deed.
- **Effective Controller i.e. Director**
Someone who is in effective control of the asset i.e. Managing Director, who may also be a 25%+ shareholder.
- **Acting on Behalf of Client**
Someone who is instructing you on behalf of the owner. This may be a lawyer or power of attorney.
- **Executor**
The executor of the will.

Onboarding a Party

Onboarding a party can be done, after a matter is created, through the 'New' tab of the CDD register 'Matters' section.

1. From the list of matters displayed under the 'New' tab, click on the matter name to bring up the structure of the matter.

2. Click on this  icon, found to the right of the matter or party name.

5. Click 'create'.

6. A pop-up message will appear to signal that the party has been successfully created.

Note: all trusts are automatically marked as high risk.

Company Ownership Investigations

Completing a Company Ownership Investigation

Note: the party must be added to the AMLHub before this process can occur. A charge of \$6.00 applies to every company ownership investigation undertaken through the AMLHub.

Completing a company ownership investigation can be done through the 'New' tab of the CDD register 'Matters' section.

1. From the list of matters displayed under the 'New' tab, click on the matter name to bring up the structure of the matter.

2. Click on this  icon, found to the right of the company name.
3. Click 'find owners'.
4. The following pop-up window will appear. All companies that are registered in the New Zealand Companies Register and match the name of the onboarded party will be displayed.

FIND COMPANY TO INVESTIGATE [X]

[Q] SEARCH

NAME	NZBN	TYPE	INVESTIGATE
AMLHUB LIMITED	9429047289789	NZ Limited Company	[>]

Results provided by [Cloudcheck Tree](#)

« < 1 > »

5. Click on this  icon, found to the right of the search result that you would like to investigate.
6. The following pop-up window will appear.

CONFIRM CLOUDCHECK TREE SEARCH [X]

Are you sure you want run an investigation into the owners of **AMLHUB LIMITED** ?

\$ Your Reporting Entity will be charged **\$6.00** if you proceed with this investigation, regardless of its outcome.

i This investigation will be performed using Cloudcheck Tree, provided by Verifi Identity Services Limited. By performing this investigation you agree that both AMLHub and Verifi make no representation about, and assumes no liability in respect of, any search results, the accuracy of which is dependent on the data sourced from New Zealand Business Number register, that neither AMLHub nor Verifi have any control over.

CANCEL RUN INVESTIGATION

7. Click 'run investigation'.
8. The following pop-up window will appear.

9. Once the investigation is complete, you will be directed to a pop-up window displaying two tabs.
 - **Suggested Structure** – the suggested structure to onboard to the AMLHub. In some cases, depending on ownership percentage, not all individuals and parties yielded from the results of the investigation will be displayed in this tab. This structure can be added to the AMLHub by clicking ‘apply’.
 - **Investigation Results** – a list of all directors, shareholders and possible trusts that may be involved in the company.

Viewing Investigation Results

Viewing company ownership investigation results can be done through any tab of the CDD register ‘Matters’ section.

1. From the list of matters displayed under the tab, click on the matter name to bring up the matter’s structure.
2. Navigate to the ‘Investigations’ tab.
3. Click on this  icon, found under the ‘Results’ field to the right of the investigation ID.

OR

Viewing company ownership investigation results can be done through the CDD register ‘Investigations’ section.

1. Click on this  icon, found under the ‘Results’ field to the right of the investigation ID.

Document Upload

Uploading Documents to a Matter

Uploading documents to an unverified matter can be done through the 'New' tab of the CDD register 'Matters' section.

1. From the list of matters displayed under the 'New' tab, click on the matter name to bring up the structure of the matter.
2. Under the matter's structure, click on the matter name.
3. An 'Update Matter' pop-up window will appear on the right-hand side of the screen.
4. Navigate to the 'Documents' tab of this window.

Outsourcing CDD

Contact

To find out information on the status of a matter being outsourced via the AMLHub, please contact CDD Outsourcing directly.

- Phone: 0508 233 123
- Email: info@cddoutsourcing.co.nz

Process Outline

1. CDD Outsourcing is granted access to your reporting entity.
2. User elects for CDD to be outsourced.
3. Key contact is selected for the matter.
4. CDD Outsourcing is assigned to the matter.
5. A request is made for CDD to be outsourced for that particular matter.
6. You will be contacted by CDD Outsourcing in regard to the request made.
7. CDD Outsourcing will correctly onboard matter structure (if not done already), complete CDD and collect & verify source of funds/wealth (if need be).
8. When finished, CDD Outsourcing will mark the matter ready for verification.
9. If user notifications are enabled, you will be notified of the matter having been marked ready for verification.

Granting CDD Outsourcing Access to your Reporting Entity

In order to engage with the services of CDD Outsourcing, you will need to add one of their staff members as a user to your reporting entity in the AMLHub.

1. Navigate to the 'User Management' section of the AMLHub desktop using the left-hand sidebar.
2. Click on the  button.

3. A pop-up window will appear. Enter the following details into the fields of the window:
First name: Karen
Last name: Jackson
Email: info@cddoutsourcing.co.nz
Role: 'CDD Outsourcer'
4. A pop-up message will appear to signal that the user has been successfully added to your reporting entity.

Electing to Outsource CDD

When creating a matter through the AMLHub app or desktop, users will be asked the question 'Is Outsourced CDD Allowed?'. If you would like to outsource the CDD for a particular matter, select 'yes' to this field.

Please note: electing to outsource the CDD in this question **does not** make a direct request to CDD Outsourcing (this must be done in a separate step, highlighted below). When this question is answered as 'yes', it then allows for a request to be made for the services of CDD Outsourcing through the 'Verification' tab of the 'Update Matter' window.

Key Contact

CDD Outsourcing requires a key contact to be selected; they will contact this individual in order to correctly onboard the structure of the matter and complete CDD. Please ensure at least one individual is onboarded for this purpose and the following fields are filled out for that individual:

- email address; and
- phone number.

Under the 'Update Matter' pop-up window, select the individual from the drop-down menu in the 'Key Contact' field who should be contacted by CDD Outsourcing.

Assigning CDD Outsourcing to the Matter

Once Karen Jackson has been added as a user to the reporting entity and you have answered 'yes' to whether you would like to outsource the CDD, Karen must be assigned to the particular matter in order to be able to view it in her CDD register.

Assigning users to an unverified matter can be done through the 'New' tab of the CDD register 'Matters' section.

1. From the list of matters displayed under the 'New' tab, click on the matter name to bring up the structure of the matter.
2. Under the matter's structure, click on the matter name.
3. An 'Update Matter' pop-up window will appear on the right-hand side of the screen.
4. Under the 'Details' tab of this window, there will be a 'Users' field. Click on this field and a drop-down menu will appear.
5. Click on Karen's name to assign her to the matter.

6. Click 'update'.

Requesting to Outsource CDD

Requesting for CDD to be outsourced can be done through the 'New' tab of the CDD register 'Matters' section.

1. From the list of matters displayed under the 'New' tab, click on the matter name to bring up the structure of the matter.
2. Under the matter's structure, click on the matter name.
3. An 'Update Matter' pop-up window will appear on the right-hand side of the screen.
4. Navigate to the 'Verification' tab.
5. Click on this  button.
6. A request will be sent to CDD Outsourcing for that particular matter.

Following the Request

1. You will be contacted by CDD Outsourcing via email, where they will notify you of them having received your request.
2. CDD Outsourcing will correctly onboard the remainder of the matter structure (if not onboarded already), complete CDD and collect & verify source of funds/wealth (where applicable).
3. Once complete, CDD Outsourcing will mark the matter ready for verification.
4. Anyone with the email subscription 'Matter Ready for Verification' enabled will receive an email, notifying them of the matter having been marked as ready.
5. After CDD Outsourcing has marked the matter ready for verification, you will be able to verify the matter as per the normal process.

Updating Details

Updating the Details of a Matter

Updating the details of an unverified matter can be done through the 'New' tab of the CDD register 'Matters' section.

1. From the list of matters displayed under the 'New' tab, click on the matter name to bring up the structure of the matter.

2. Under the matter's structure, click on the matter name.
3. An 'Update Matter' pop-up window will appear on the right-hand side of the screen.

4. Make any desired changes to the details of the matter.
5. Click 'update'.
6. A pop-up message will appear to signal that the matter has been successfully updated. It is now safe to click 'close', which exits the 'Update Matter' window.

Updating the Details of a Party

Updating the details of an unverified party within an unverified matter can be done through the 'New' tab of the CDD register 'Matters' section.

1. From the list of matters displayed under the 'New' tab, click on the matter name to bring up the structure of the matter.

2. Click on the name of the party you would like to update.
3. An 'Update Party' pop-up window will appear on the right-hand side of the screen.

The screenshot shows a mobile application interface for updating a party. The window is titled 'UPDATE PARTY' in blue. Below the title is the party name 'ABC Ltd'. There are three tabs: 'Details' (selected), 'Documents', and 'Verification'. The 'Details' tab contains several form fields: 'Name' (ABC Ltd), 'Type' (Private Company), 'Country Of Residence' (Please Select), 'NZ Resident' (No/Yes buttons), 'Overseas Government' (No/Yes buttons), 'Are They A High Risk?' (No/Yes buttons), 'Reference' (text field), 'New Zealand Business Number' (text field), and 'Notes (Optional)' (text area). At the bottom are 'CLOSE' and 'UPDATE' buttons.

4. Make any desired changes to the details of the party.
5. Click 'update'.
6. A pop-up message will appear to signal that the party has been successfully updated. It is now safe to click 'close', which exits the 'Update Party' window.

Updating the Details of an Individual

Updating the details of an unverified individual within an unverified matter can be done through the 'New' tab of the CDD register 'Matters' section.

1. From the list of matters displayed under the 'New' tab, click on the matter name to bring up the structure of the matter.
2. Click on the name of the individual you would like to update.

3. An 'Update Individual' pop-up window will appear on the right-hand side of the screen.

The screenshot shows a 'UPDATE INDIVIDUAL' pop-up window for 'Miss Example Individual'. The window has a title bar with the text 'UPDATE INDIVIDUAL' and 'Miss Example Individual'. Below the title bar are five tabs: 'Details', 'Documents', 'eChecks', 'PEP', and 'Verification'. The 'Details' tab is selected. The form contains the following fields and sections:

- Title:** A dropdown menu with 'Miss' selected.
- First Name:** A text input field with 'Example' entered.
- Middle Names:** A text input field.
- Last Name:** A text input field with 'Individual' entered.
- Date Of Birth:** A text input field with the placeholder 'DD/MM/YYYY'.
- Address:** A text input field with '1 Example Road' entered.
- Email Address:** A text input field.
- Phone Number:** A text input field.
- Types:** A dropdown menu with 'Please Select' and a downward arrow.
- Country Of Residence:** A dropdown menu with 'Please Select' and a downward arrow.
- NZ Resident:** Two radio buttons, 'No' and 'Yes'.
- Offshore Exposure Risk (PEP?):** Two radio buttons, 'No' and 'Yes', with a link 'WHAT DOES THIS MEAN?' to the right.
- Will You Meet Them Face To Face:** Two radio buttons, 'No' and 'Yes'.
- Are They A High Risk?:** Two radio buttons, 'No' and 'Yes'.

At the bottom of the form are two buttons: 'CLOSE' and 'UPDATE'.

4. Make any desired changes to the details of the individual.
5. Click 'update'.
6. A pop-up message will appear to signal that the individual has been successfully updated. It is now safe to click 'close', which exits the 'Update Individual' window.

Marking Ready for Verification

Marking a matter ready for verification can be done through the 'New' tab of the CDD register 'Matters' section.

1. From the list of matters displayed under the 'New' tab, click on the matter name to bring up the structure of the matter.

2. Click on this  icon, found to the right of the matter name.

3. Click 'mark as ready'.
4. The following pop-up window will appear.

Are you sure you want to mark Matter 1234 - Example as ready for verification?	
CANCEL	MARK

5. Click 'mark'.
6. An icon to the right of the matter name should now appear green, like so .
7. The matter can now be located in the 'Ready' tab.
8. If an individual authorised to undertake the verification process has the email subscription 'Matter Ready for Verification' enabled, they will receive an email notifying them of this matter having been marked as ready for verification.

Marking as Not Ready for Verification

Marking a matter as not ready for verification can be done through the 'Ready' tab of the CDD register 'Matters' section.

1. From the list of matters displayed under the 'Ready' tab, click on the matter name to bring up the structure of the matter.

2. Click on this  icon, found to the right of the matter name.
3. Click 'mark as not ready'.
4. The following pop-up window will appear.

Are you sure you want to mark Matter 1234 - Example as not ready for verification?	
CANCEL	MARK

5. Click 'mark'.
6. This  icon to the right of the matter name should now appear grey.
7. The matter can now be located in the 'New' tab.

Manual Verification

Note: each individual and party onboarded to the matter must be verified before you can verify the matter itself.

Manually Verifying an Individual

Manually verifying an individual onboarded to an unverified matter can be done through the 'New' and 'Ready' tabs of the CDD register 'Matters' section.

1. From the list of matters displayed under the 'New' or 'Ready' tab, click on the matter name to bring up the structure of the matter.
2. Click on the name of the individual.
3. An 'Update Individual' pop-up window will appear on the right-hand side of the screen.
4. Navigate to the 'Verification' tab.

The screenshot shows a mobile application interface for updating an individual. The title bar at the top reads 'UPDATE INDIVIDUAL' in blue, followed by 'Miss Example Individual' in black. Below the title is a horizontal tab bar with five options: 'Details', 'Documents', 'eChecks', 'PEP', and 'Verification'. The 'Verification' tab is currently selected and highlighted with a blue underline. The main content area of the 'Verification' tab contains a form with the heading 'What Sort Of Verification Do You Want To Grant?'. This form has three buttons: 'Verification' (which is highlighted in blue), 'Permanent Exception', and 'Temporary Exception'. Below these buttons is a 'Date' field with the value '17/11/20'. Underneath the date field is a 'Notes (Optional)' text area. At the bottom of the pop-up window, there are two buttons: 'CLOSE' on the left and 'VERIFY' on the right, which is highlighted in blue.

5. Select the type of verification.

6. Enter the verification date.
7. Add any notes you may feel are necessary for keeping an accurate and traceable record of the individual's verification.
8. Click 'verify'.
9. A pop-up window will appear to signal that the individual has been successfully verified. It is now safe to click 'close' and repeat this verification process for any additional individuals needing to be verified.

Individual Verification Warning

Particular fields must be filled out before an individual can be verified. Any fields yet to be filled out before verification can proceed will be listed under the 'Verification' tab of the 'Update Individual' window.

Drag and Drop

This feature allows for the remedying of any incorrectly onboarded structures within an unverified matter. For example, if a beneficial owner has been onboarded under the same level of the structure as the client.

Note: when moving a party using drag and drop, all individuals onboarded underneath this entity will be moved also. Individuals and parties can be moved only within their respective matters, not between matters.

The drag and drop feature can be utilised through all tabs of the CDD register 'Matters' section.

1. From the list of matters displayed under any tab, click on the matter name to bring up the structure of the matter.

2. Click and hold on this icon, found to the left of every individual and party onboarded to the matter.
3. Drag the individual or party to the correct level of the structure.
4. 'Drop' the individual to the 'Move to...' field.

Closing and Reopening Matters

Closing a Matter

Closing a matter can be done through the 'Verified' tab of the CDD register 'Matters' section.

1. From the list of matters displayed under the 'Verified' tab, locate the matter you would like to close.
2. Click on this  icon, found under the 'Actions' field to the right of the matter name.
3. Click 'close matter'.
4. The following pop-up window will appear.

5. Enter the closing fees
6. Add any notes you may feel are necessary for keeping an accurate and traceable record of the matter's closure.

7. Click 'close'.
8. The matter will now appear in the 'Closed' tab of the CDD register 'Matters' section.

Reopening a Matter

Reopening a matter can be done through the 'Closed' tab of the CDD register 'Matters' section.

1. From the list of matters displayed under the 'Closed' tab, locate the matter you would like to reopen.
2. Click on this  icon, found under the 'Actions' field to the right of the matter name.
3. Click 'reopen matter'.
4. The following pop-up window will appear.

5. Click 'reopen'.
6. The matter will now appear in the 'Verified' tab of the CDD register 'Matters' section.

Downloading Reports

Downloading a Report of Verified Individuals

A report of all individuals who have been verified by members of a reporting entity can be extracted as a spreadsheet.

This file can be downloaded from all tabs of the CDD register 'Beneficial Owners' section.

1. Click .
2. Click  Verified Individuals.
3. You will be prompted to save the document to your device.
4. Once saved, the document can be opened.

Downloading a Report of Verified Parties

A report of all parties who have been verified by members of a reporting entity can be extracted as a spreadsheet.

This file can be downloaded from all tabs of the CDD register 'Beneficial Owners' section.

1. Click .
2. Click  Verified Parties.
3. You will be prompted to save the document to your device.
4. Once saved, the document can be opened.

CDD Exceptions
Register

Introduction

An exception enables an authorised staff member to move forward with onboarding a client when less than the required CDD has been performed. It is an AML requirement to maintain a register of all exceptions, whether temporary or permanent, and monitor them.

As a general rule, customer due diligence must be completed before entering into an agency agreement with a customer. However, the legislation is risk-based, and you can grant either:

- a temporary exception, where a finite period is attached to any missing CDD; or
- a permanent exception, where CDD is not able to be fully completed for a justifiable reason.

Exceptions, by definition, are expected to be rare. The criteria for granting an exception is:

1. it is essential not to interrupt the normal course of business;
2. you effectively manage ML/TF risks through appropriate risk management procedures; and
3. you complete CDD as soon as practical once you have established a business relationship (for temporary exceptions).

The CDD exceptions register of the AMLHub desktop provides the required framework for monitoring, justifying and recording exceptions.

Navigation

Different Sections Within the CDD Exceptions Register

You can navigate to the 'CDD Exceptions' section of the AMLHub desktop through the left-hand sidebar. The page will display the following four tabs:

- **Live Exceptions**
Contains temporary exceptions with active due dates that have not yet been resolved.
- **Complete Exceptions**
Temporary exceptions that have been resolved.
- **Permanent Exceptions**
All permanent exceptions granted.
- **Red List**
Temporary exceptions that have surpassed their due date and have not been resolved. Additionally, this includes temporary exceptions that have been intentionally chosen to 'fail'.

The CDD exceptions register additionally contains the 'Exceptions Log'. This keeps a record of all activity within the CDD exceptions register. You can navigate here by clicking on 'Exceptions Log', found to the right of the four tabs mentioned above.

Issues & Warnings

Issues and/or warnings may appear in the CDD register of the AMLHub desktop in relation to temporary exceptions.

- A warning  **1 WARNING** will appear if a temporary exception has been granted for an individual and has not yet 'failed' or been resolved.
- An issue  **1 ISSUE** will appear if a temporary exception has surpassed its due date and is now overdue.

Warnings and issues are displayed in the top right-hand corner of the CDD register. Clicking on either icon will display the respective details of any outstanding warnings or issues.

Viewing a Current Exception

Through the *CDD Exceptions Register*

1. Navigate to the 'Live Exceptions' section of the CDD exceptions register.
2. Click on the rightward arrow  found under the 'Matter' field to the right of the individual's name. You will then be redirected to the CDD register, displaying the details of the relevant matter.
3. Look for the individual with an exception. Click on the  icon, displayed to the left of the individual's name. You will be taken to the 'Verification' tab of the 'Update Individual' pop-up window.
4. Details of the exception will be found under this 'Verification' tab.

Through the *CDD Register*

1. From the list of matters displayed under the 'New' or 'Ready' tabs of the CDD register 'Matters' section, click on the matter name to bring up the structure of the matter.
2. Look for the individual with an exception. Click on the  icon, displayed to the left of the individual's name. You will be taken to the 'Verification' tab of the 'Update Individual' pop-up window.
3. Details of the exception will be found under this 'Verification' tab.

Onboarding an Individual with Missing Information

If an individual is onboarded with missing information, the system will display the following message under the 'Verification' tab of the 'Update Individual' pop-up window. In this case, undergoing the verification process will not be possible until the listed information is present; additionally, a permanent exception cannot be granted.

UPDATE INDIVIDUAL
Miss Test Test

Details Documents eChecks PEP Verification

The following information must be provided before a verification or permanent exception can be provided:

- Date of Birth
- Face to Face Meeting Confirmation
- New Zealand Residency
- Overseas Exposure Risk
- Risk Level

Temporary exceptions may still be granted or delayed.

The system, however, will allow for a temporary exception if information is missing.

Temporary Exceptions

Granting a Temporary Exception

Granting a temporary exception can be done through the 'New' and 'Ready' tabs of the CDD register 'Matters' section.

1. From the list of matters displayed under the 'New' or 'Ready' tab, click on the matter name to bring up the structure of the matter.
2. Click on the name of the individual you would like to grant an exception for.

3. An 'Update Individual' pop-up window will appear on the right-hand side of the screen.
4. Navigate to the 'Verification' tab.
5. Select 'Temporary Exception' from the types of verification list.
6. Enter a due date for the exception.
7. Add any relevant notes that will be useful when keeping a record of any documents missing, when they will arrive etc.

What Sort Of Verification Do You Want To Grant?

Verification Permanent Exception **Temporary Exception**

Date
31/10/19

Due Date
06/11/19

Notes (Optional)
Example notes.

8. Click 'verify'.
9. A pop-up message will appear to signal that a temporary exception for the individual has been granted.
10. There will now be this  icon displayed to the left of the individual's name.

Resolving a Temporary Exception

Resolving a temporary exception can be done through the 'New' and 'Ready' tabs of the CDD register 'Matters' section.

1. From the list of matters displayed under the 'New' or 'Ready' tab, click on the matter name to bring up the structure of the matter.
2. Click on the name of the individual you would like to resolve an exception for.
3. An 'Update Individual' pop-up window will appear on the right-hand side of the screen.
4. Navigate to the 'Verification' tab.
5. Select 'resolve' for how you would like to conclude the current exception.

How Do You Want To Conclude The Current Exception?

Resolve

Fail

Delay

Date

31/10/19

Notes (Optional)

6. Add any relevant notes that will be useful when keeping a record of the receipt of missing documents, when they were received etc. Please note: these notes cannot be edited or updated once the exception has been resolved and the individual verified.
7. Click 'verify' – this resolves the temporary exception and then verifies the individual.
8. A pop-up message will appear to signal the verification of the individual.
9. There will now be this  icon displayed to the left of the individual's name.
10. This resolved exception will now appear under the 'Complete Exceptions' section of the CDD exceptions register.

Delaying a Temporary Exception

Delaying a temporary exception can be done through the 'New' and 'Ready' tabs of the CDD register 'Matters' section.

1. From the list of matters displayed under the 'New' or 'Ready' tab, click on the matter name to bring up the structure of the matter.
2. Click on the name of the individual you would like to delay an exception for.
3. An 'Update Individual' pop-up window will appear on the right-hand side of the screen.
4. Navigate to the 'Verification' tab.
5. Select 'delay' for how you would like to conclude the current exception.
6. Enter a new due date for the exception.
7. Add any notes you think may be relevant when keeping an accurate and traceable record of the exception and its delay.

How Do You Want To Conclude The Current Exception?

Date
31/10/19

Due Date
09/11/19

Notes (Optional)

8. Click 'verify' – please note, this will not verify the individual.
9. A pop-up message will appear to signal a successful delay of the temporary exception's due date.
10. This delayed exception will still be found under the 'Current Exceptions' section of the CDD exceptions register.

Note: the due date of a temporary exception is only able to be delayed once. If the exception is not resolved before this delayed due date, it will 'fail' and be moved to the 'Red List' section of the CDD exceptions register.

Failing a Temporary Exception

Failing a temporary exception can be done through the 'New' and 'Ready' tabs of the CDD register 'Matters' section.

1. From the list of matters displayed under the 'New' or 'Ready' tab, click on the matter name to bring up the structure of the matter.
2. Click on the name of the individual you would like to fail an exception for.
3. An 'Update Individual' pop-up window will appear on the right-hand side of the screen.
4. Navigate to the 'Verification' tab.
5. Fill out any missing information listed for the individual if you are presented with a warning screen under the 'Verification' tab.
6. Select 'fail' for how you would like to conclude the current exception.

How Do You Want To Conclude The Current Exception?

Resolve

Fail

Delay

Date

04/11/19

Notes (Optional)

7. Add any notes you think may be relevant when keeping an accurate and traceable record of the temporary exception 'failing'.
8. Click 'verify'.
9. A pop-up message will appear to signal that the temporary exception has 'failed'.

Note: after you have clicked 'verify', the individual will appear under the structure of the matter as having been verified; this  icon will be present to the right of their name. The individual will, however, be found under the 'Red List' section of the CDD exceptions register due to their temporary exception failing.

Permanent Exceptions

Granting a Permanent Exception

Granting a permanent exception can be done through the 'New' and 'Ready' tabs of the CDD register 'Matters' section.

1. From the list of matters displayed under the 'New' or 'Ready' tab, click on the matter name to bring up the structure of the matter.
2. Click on the name of the individual you would like to grant a permanent exception for.
3. An 'Update Individual' pop-up window will appear on the right-hand side of the screen.
4. Navigate to the 'Verification' tab.
5. Fill out any missing information listed if you are presented with a warning screen under the 'Verification' tab.
6. Select 'Permanent Exception' from the types of verification list.

What Sort Of Verification Do You Want To Grant?

Verification **Permanent Exception** Temporary Exception

Date
04/11/19

Notes (Optional)

7. If different to the current day's date, select a date for the granting of a permanent exception.
8. Add any relevant notes that will be useful when keeping an accurate and traceable record of the exception.
9. Click 'verify'.
10. A pop-up message will appear to signal that a permanent exception for the individual has been granted.

Note: after you have clicked 'verify', the individual will appear under the structure of the matter as having been verified; this  icon will be displayed to the right of their name. The individual will, however, be found under the 'Permanent Exceptions' section of the CDD exceptions register.

PEPs Register

Adding an Individual to the PEPs Register

Adding an individual to the PEPs Register can be done when either creating or updating an individual, through the 'New' tab of the CDD register 'Matters' section.

When Creating an Individual

1. From the list of matters displayed under the 'New' tab, click on the matter name to bring up the structure of the matter.
2. Add the individual by clicking on the  button, found to the right of the matter or party name (depending on where you want to onboard the individual in the structure).
3. The following pop-up window will appear on the right-hand side of the screen.

AML HUB

Suspensions Register

Introduction

The suspicions register is a platform where one can form, lodge and resolve potential suspicions regarding suspicious activity or transactions.

Navigation

Different Sections Within the Suspicions Register

You can navigate to the 'Suspicions Register' section of the AMLHub desktop through the left-hand sidebar, or by clicking on the tile found on the dashboard. The page will display the following five tabs:

- **Potential Suspicions**
Activities or transactions that may need to be formed and subsequently lodged, however, are not yet confirmed as being suspicious.
- **Formed Suspicions**
Activities or transactions that have been confirmed as suspicious. Once a suspicion has been formed, it has 72 hours to be lodged.
- **Lodged Suspicions**
Suspicions that have been submitted by your branch separately to GoAML and then lodged in the AMLHub afterwards.
- **Resolved Suspicions**
Activities or transactions that were potential suspicions, but have turned out not to be suspicious.
- **All Suspicions**
A combined list of all suspicions within the suspicions register.

The screenshot shows the 'Suspicions Register' interface. At the top right, there is a 'REVIEW DATE: JUN 01 2021' button. Below this, there are five tabs: 'Potential Suspicions', 'Formed Suspicions', 'Lodged Suspicions', 'Resolved Suspicions', and 'All Suspicions'. The 'Potential Suspicions' tab is currently selected. To the right of these tabs is an 'Activity Log' button. Below the tabs, there is a '+ POTENTIAL SUSPICION' button. To the right of this button are two dropdown menus for 'Type' and 'Flag', both set to 'All'. Further right is a search bar labeled 'Search Suspicions By Name...' with a magnifying glass icon and a reset icon.

The suspicions register additionally contains the 'Activity Log', which keeps a record of all activity occurring within the suspicions register. You can navigate here by clicking on 'Activity Log', found to the right of the five tabs mentioned above.

Review Date, Issues & Warnings

The review date for the reporting entity's suspicions register can be found in the top right-hand corner of the screen  **REVIEW DATE: JAN 01 2021**. To edit this review date, click on this icon.

Issues and/or warnings may appear in the suspicions register in relation to formed suspicions.

- A warning  **1 WARNING** will appear if a potential suspicion has been formed and must be lodged in the next 72 hours.
- An issue  **1 ISSUE** will appear if a formed exception has not been lodged following 72 hours since its formation.

Warnings and issues are displayed in the top right-hand corner of the suspicions register. Clicking on either icon will display the respective messages.

Creating a Potential Suspicion

Creating a potential suspicion can be done through the 'Potential Suspicions' section of the suspicions register.

1. Click on the  button.
2. The following pop-up window will appear on the right-hand side of the screen.

6. A pop-up message will appear to signal that the updates have been saved.

Formed Suspicions

Forming a Potential Suspicion

Forming a potential suspicion can be done through the 'Potential Suspicions' section of the suspicions register.

1. Click on this  icon, found under the 'Actions' field to the right of the suspicion's name.
2. Click 'form'.
3. The following pop-up window will appear.

4. Enter the date of formation.
5. Enter the reason for forming this potential suspicion.
6. Click 'form'.
7. The suspicion will now appear under the 'Formed Suspicions' section of the suspicions register.

Note: a formed suspicion must be lodged within 72 hours of first being formed in the AMLHub.

Un-Forming a Formed Suspicion

Un-forming a formed suspicion can be done through the 'Formed Suspicions' section of the suspicions register.

1. Click on this  icon, found under the 'Actions' field to the right of the suspicion's name.
2. Click 'un-form'.
3. The following pop-up window will appear.

4. Click 'un-form'.

5. The suspicion will now appear under the 'Potential Suspensions' section of the suspicions register.

Lodged Suspensions

Lodging a Formed Suspicion

Lodging a formed suspicion can be done through the 'Formed Suspensions' section of the suspicions register.

1. Click on this  icon, found under the 'Actions' field to the right of the suspicion's name.
2. Click 'lodge'.
3. The following pop-up window will appear.

The image shows a pop-up window titled "LODGE SUSPICION". At the top, there is a header bar with the title. Below the header, there is a section for "Date Of Lodging" with the value "06/11/19". Below this, there is a light blue informational box with a circular icon containing an 'i' and the text: "Before lodging this suspicion you must have already lodged the suspicion on the goAML platform." At the bottom of the window, there are two buttons: a grey "CANCEL" button with a circular arrow icon and a blue "LODGE" button with a document icon.

4. Click 'lodge'.
5. The suspicion will now appear under the 'Lodged Suspensions' section of the suspicions register.

Note: a formed suspicion must be lodged within 72 hours of first being formed in the AMLHub.

Un-Lodging a Lodged Suspicion

Un-lodging a lodged suspicion can be done through the 'Lodged Suspensions' section of the suspicions register.

1. Click on this  icon, found under the 'Actions' field to the right of the suspicion's name.
2. Click 'un-lodge'.
3. The following pop-up window will appear.

A pop-up window titled "UN-LODGE SUSPICION". The main text asks, "Are you sure you want to Un-Lodge Example Transaction Suspicion?". At the bottom, there are two buttons: a grey "CANCEL" button with a close icon and a blue "UN-LODGE" button with a refresh icon.

4. Click 'un-lodge'.
5. The suspicion will now appear under the 'Formed Suspicions' section of the suspicions register.

Resolved Suspicions

Resolving a Potential Suspicion

Resolving a potential suspicion can be done through the 'Potential Suspicions' section of the suspicions register.

1. Click on this  icon, found under the 'Actions' field to the right of the suspicion's name.
2. Click 'resolve'.
3. The following pop-up window will appear.

A pop-up window titled "RESOLVE SUSPICION". It contains two input fields: "Date Of Resolution" with the value "06/11/19" and "Reason For Resolution" which is empty. At the bottom, there are two buttons: a grey "CANCEL" button with a close icon and a blue "RESOLVE" button with a checkmark icon.

4. Enter the date of resolution.
5. Enter the reason for resolving the potential suspicion.
6. Click 'resolve'.
7. The suspicion will now appear under the 'Resolved Suspicions' section of the suspicions register.

Un-Resolving a Resolved Suspicion

Un-resolving a resolved suspicion can be done through the 'Resolved Suspicions' section of the suspicions register.

1. Click on this  icon, found under the 'Actions' field to the right of the suspicion's name.
2. Click 'un-resolve'.
3. The following pop-up window will appear.

UN-RESOLVE SUSPICION

Are you sure you want to Un-Resolve Example Transaction Suspicion?

 CANCEL  UN-RESOLVE

4. Click 'un-resolve'.
5. The suspicion will now appear under the 'Potential Suspicions' section of the suspicions register.

Training Register

Introduction

The training register holds a record of AML compliance training assignments associated with a particular reporting entity, as well as the participation status of staff members for these assignments.

Navigation

Different Sections Within the Training Register

You can navigate to the 'Staff Training' section of the AMLHub desktop through the left-hand sidebar. You will be directed to the 'Current Training' section of the training register, where the page will display the following four tabs:

- **Current Training**
All staff members added to the training register on the left-hand side of the screen, current training assignments displayed on the right-hand side of the screen.
- **Concluded Training**
Staff members with completed training assignments displayed on the left-hand side of the screen, concluded training assignments displayed on the right-hand side.
- **Your Activities**
A list of training assignments created by your reporting entity.
- **Your Providers**
A list of training providers for your particular reporting entity.

The training register additionally contains the 'Activity Log'. This keeps a record of all activity within the training register. You can navigate here by clicking on 'Activity Log', found to the right of the four tabs mentioned above.

Colours

There are several colours associated with staff members that denote different participation statuses.

- **Orange**
No training activities have ever been assigned to the staff member.

- **Grey**
No training activities are currently assigned to the staff member.
- **Blue**
Training has been allocated to a staff member, however, is not yet complete or overdue. The number inside the square shows the number of training activities allocated to the staff member.
- **Green**
Displayed in the 'Concluded Training' section of the training register. Indicates the staff member has completed particular training assignments. The number inside the square shows the number of training activities completed by the staff member.
- **Red**
There are one or more overdue assignment(s) yet to be completed by the staff member.

Review Date, Issues & Warnings

The review date set for the reporting entity's training register can be found in the top right-hand corner of the screen  **REVIEW DATE: JAN 01 2021**. To edit this review date, click on this icon.

Issues and/or warnings may appear in the training register in relation to training assignments.

- A warning  will appear if a staff member has never been assigned any training activities.
- An issue  will appear if a training assignment has surpassed its due date and is now overdue for an individual(s).

Warnings and/or issues are displayed in the top right-hand corner of the training register. Clicking on either icon will display the respective details of any outstanding warnings or issues.

Members of the Training Register

Adding a Staff Member to the Training Register

This can be done either during the creation of a staff membership or in the training register following the creation of a staff membership.

During the creation of their staff membership

1. Navigate to the 'User Management' section of the AMLHub desktop through the left-hand sidebar.
2. Click on this  icon, found under the 'Staff Member' field to the right of the user's name.
3. A pop-up window will appear, as shown in the image below.

A screenshot of a 'CREATE STAFF MEMBERSHIP' pop-up window. The window has a title bar with the text 'CREATE STAFF MEMBERSHIP'. Below the title bar, there are two input fields: 'Start Date' with a placeholder 'DD/MM/YY' and 'End Date (Optional)' with a placeholder 'DD/MM/YY'. Below these fields is a checkbox labeled 'Staff Member Should Be Trained'. At the bottom of the window, there are two buttons: 'CANCEL' and 'CREATE'.

4. Enter the start date of the user. Entering the user's end date is an optional field.
5. Click on the 'Staff Member Should Be Trained' tick box, then select a respective training role for the user. If not selected, the staff member will not be added to the training register.
6. Click 'create'.
7. The staff membership for the user will be created and the staff member will then be added to the training register.

Following the creation of a staff membership

1. Navigate to the 'Staff Training' section of the AMLHub desktop through the left-hand sidebar.
2. Under the 'Current Training' section of the training register, click the  button.

3. The following pop-up window will appear.

The screenshot shows a pop-up window titled "START TRAINING FOR STAFF MEMBER". It contains the following fields and buttons:

- User** (Type To Search): A text input field with the placeholder "Please Select".
- Training Start Date**: A date input field with the placeholder "DD/MM/YY".
- Training End Date**: A date input field with the placeholder "DD/MM/YY".
- Training Role**: A dropdown menu with the placeholder "Please Select".
- CANCEL**: A button on the bottom left.
- START**: A blue button on the bottom right.

4. Click on the 'user' field to view a drop-down menu of all staff members who were not added to the training register during the creation of their staff membership.
 - o Please note: the message 'No Untrained Users Found' will be displayed if all staff members have already been added to the training register.
5. Select the staff member you would like to add.
6. Enter a training start date, end date and training role (these can be edited later on if need be).
7. Click 'start'.
8. A pop-up message will appear to signal the addition of a new staff member to the training register.

Editing the Details of a Staff Member in the Training Register

Editing the details of a staff member can be done through the 'Current Training' section of the training register.

1. From the list of staff members displayed on the left-hand side of the screen, click on this  arrow found to the left of the individual's name.
2. This will expand the view, showing details for the staff member.

The screenshot shows the expanded details for a staff member named "India Manthel". The details are as follows:

Name:	Training Role:	Training Period:
India Manthel	Admin	Jun 26 2019 to Present

At the bottom of the expanded view, there are two buttons: **EDIT** (with a pencil icon) and **VIEW TRAINING** (with a graduation cap icon).

3. Click 'edit'.

4. A pop-up window will appear, where you are able to edit the training start and end dates for the individual, as well as their training role.
5. Make any desired changes.
6. Click 'save'.

Removing a Staff Member from the Training Register

Removing a staff member from the training register can be done through the 'Current Training' section of the training register.

1. From the list of staff members displayed on the left-hand side of the screen, click on this ➤ arrow found to the left of the individual's name.
2. This will expand the view, showing details for the staff member.

The screenshot shows a user interface for a staff member's details. At the top, there is a header bar with a dropdown arrow, the name 'India Manthel', the role 'Admin', a blue square with the number '1', and a graduation cap icon. Below this is a white box containing the following information:

Name: India Manthel	Training Role: Admin	Training Period: Jun 26 2019 to Present
-------------------------------	--------------------------------	---

At the bottom of the white box, there are two buttons: 'EDIT' with a pencil icon and 'VIEW TRAINING' with a graduation cap icon.

3. Click 'edit'.
4. A pop-up window will appear, where you are able to edit the training start and end dates for the individual, as well as their training role.
5. Enter the employment end date to any date before the current day.
6. Click 'save'.

Note: a staff member will not be removed from the 'Current Training' section of the training register if they still have existing training activities assigned to them. You must conclude the staff member's involvement in any existing training activities if this is the case.

The staff member will still appear under the 'Concluded Training' section in order to maintain a record of all staff members (past and present) who have completed training activities.

Training Providers

Adding a New Provider to Your Training Register

Adding a new training activity provider can be done through the 'Your Providers' section of the training register.

1. Click .
2. The following pop-up window will appear.

The screenshot shows a modal window titled "CREATE PROVIDER". Inside the window, there is a text input field with the placeholder text "Name". At the bottom of the window, there are two buttons: "CANCEL" on the left and "CREATE" on the right. The "CREATE" button is highlighted in blue.

3. Enter the name of the provider.
4. Click 'create'.
5. A pop-up message will appear to signal that the provider has been created.
6. You will now be able to select this provider as the provider of any new training activities.

Training Activities

Creating a Training Activity

Creating a training activity can be done through the 'Your Activities' section of the training register.

1. Click .
2. The following pop-up window will appear.

3. Fill in the mandatory fields – name of activity, location, provider, total & certified minutes.
 - If the number of certified minutes equates to none for that particular training activity, type '0' into the 'Certified Minutes' field as opposed to leaving it blank.
 - A URL link may be added if, for example, the training was completed over an online platform or watched as a video.
 - A due date can be entered if the training activity is a non-recurring activity, for example, from a third-party provider.
4. Click 'create'.
5. A pop-up message will appear to signal the training activity has been created.

Archiving a Training Activity

Archiving a training activity can be done under the 'Your Activities' section of the training register.

1. From the list of training activities displayed under the 'Your Activities' section, click on this  icon found under the 'Actions' field to the right of the name of the training activity.
2. The following pop-up window will appear.

3. Click 'archive'.
4. A pop-up message will appear to signal the training activity has been archived.

Please note: no new staff members can be assigned to this training activity; however, this will not affect any current assignments of this activity to staff members.

Un-Archiving a Training Activity

Un-archiving a training activity can be done under the 'Your Activities' section of the training register.

1. Bring up a list displaying all archived activities by clicking 'status' and then selecting 'archived' from the drop-down menu.
2. Find the training activity you would like to un-archive from those listed.
3. Click on this  icon, found under the 'Actions' section adjacent to the name of the training activity.
4. The following pop-up window will appear.

5. Click 'unarchive'.
6. A pop-up message will appear to signal the un-archiving of an activity.

Training Assignments

Assigning a Training Activity to Staff Members

Once a training activity has been created under the 'Your Activities' section of the training register, it can then be assigned to staff members.

Assigning a training activity to staff members can be done through the 'Current Training' section of the training register.

1. Click on the  button.
2. The following pop-up window will appear.

3. Select an activity – you will be provided with a combined list of activities created by AML Solutions and the activities created by your reporting entity. Use the ‘Search Assignments’ tool to navigate through several pages of activities.
4. Click on the name of the training activity you would like to assign staff members to.
5. A list of staff members will appear. Click on the name of each staff member you would like to assign the activity to.
6. Click ‘next’.
7. Enter a due date for the training assignment. If you selected this date from the calendar, you will be taken directly to the next page. If entering manually, click ‘next’ after typing in the due date.
8. The details of the assignment will be displayed, review these details and click ‘create’ if satisfied. If you need to make changes to the assignment before creating it, click ‘back’.
9. A pop-up message will appear to signal the creation of a new training assignment. This assignment will now be displayed under the ‘Current Training’ section of the training register, on the right-hand side of the screen.

Assigning a Current Training Activity to Additional Staff Members

Once a training activity has been assigned to staff members, you can add additional staff members to an assignment through the 'Current Training' section of the training register.

1. Look for the training activity you would like to conclude from the list of current training assignments on the right-hand side of the screen.
2. Click on this  icon, found to the right of the name of the training activity.
3. The following pop-up window will appear. Click on the  button.

The screenshot shows a pop-up window titled "Assigned Staff Members For Weekly In-House Meeting Due Nov 02 2019". At the top, there are four blue buttons: "+ STAFF MEMBER", "✓ CONCLUDE", "⌛ CANCEL", and "📅 RESCHEDULE". To the right of these buttons is a "Role" dropdown menu set to "All" and a search bar labeled "Search Staff Members By Name..." with a magnifying glass icon. Below the buttons and search bar is a table with two columns: "NAME" and "ROLE". The table contains one row with the name "Jane Tester" and the role "Senior Manager". To the right of the role, there are three icons: a checkmark, a clock, and a trash can. At the bottom of the table, there is a pagination control showing "1" and a "Results 10" indicator. A "DONE" button is located at the very bottom of the window.

4. Select from the list of staff members the individual(s) you would like to add. You do not need to select the names of already assigned individuals again.
5. Click 'next'.
6. A details page will appear including the activity name and staff members being added.
7. When satisfied with these changes, click 'create'.
8. A pop-up message will appear to signal the addition of new staff members to a training assignment.

Concluding Training Assignments

Concluding a Training Assignment for all Assigned Staff Members

A current training assignment can be concluded through the 'Current Training' section of the training register.

1. Look for the training assignment you would like to conclude from the list of current assignments on the right-hand side of the screen.
2. Click on this  icon, found to the right of the name of the training assignment.
3. The following pop-up window will appear. Click 'conclude'.

NAME	ROLE
> India Manthel	Admin

4. All staff members assigned to the training assignment will now be highlighted in blue to signal they will be marked as having completed the training. Deselect any staff members who have not completed/did not attend the training assignment by clicking on their name.
5. Click 'conclude assignments'.
6. The following pop-up window will appear.

CONCLUDE WEEKLY IN-HOUSE MEETING?

Management
Reports

Generating a Management Report

Generating a management report can be done through the 'Management' section of the AMLHub desktop.

1. Click the  button.
2. The following pop-up window will appear.

3. Select the length of the report – annual, semi-annual, quarterly or monthly.
4. In the field below the 'Report Length' field, choose the time period for which you would like the report to be generated for.
5. Enter a name for the management report.
6. Click 'create'.
7. The generated management report will then be displayed in a list amongst any other previously generated reports in the 'Management Reports' section of the AMLHub desktop.

Downloading a Management Report

Management reports can be downloaded in both CSV (tabular) and PDF (image) format.

Downloading a Management Report in CSV Format

Downloading a management report in CSV format can be done through the 'Management Reports' section of the AMLHub desktop.

1. Click on this  icon, found to the right of the generated management report.
2. A pop-up window will appear, allowing you to save the file to your computer.
3. Once saved to your computer, you may open the file through any application compatible with CSV format. For example, Microsoft Excel, Numbers etc.

Downloading a Management Report in PDF Format

Downloading a management report in PDF format can be done through the 'Management' section of the AMLHub desktop.

1. Click on this  icon, found to the right of the generated management report.
2. A pop-up window will appear, allowing you to save the file to your computer.
3. Once saved to your computer, you may open the file through any application compatible with PDF format. For example, Preview, Adobe Acrobat Reader etc.

Deleting a Management Report

Deleting a management report can be done through the 'Management' section of the AMLHub desktop.

1. Click on this  icon, found to the right of the generated management report.
2. The following pop-up window will appear.

3. Click 'delete'.

4. A pop-up message will appear to signal that the management report has been successfully deleted.

Interpreting a Management Report

This section provides definitions for particular terminology used in the management report.

Terminology	Definition
All Time	Encapsulates the reporting entity's entire time using the AMLHub.
Client	This is the person or entity that you are acting for i.e. the Vendor. For services, the term used is 'client', however, in legislation 'customer' is used. We use these terms interchangeably.
Current Period	Time period for which the particular management report was generated.
Marked Ready	An unverified matter marked ready for verification through the 'New' tab of the CDD register 'Matters' section.
PEP	A PEP is an individual who holds, or, has held at any time in the preceding 12 months, in any overseas country, certain prominent public functions. This includes heads of state or of government, government ministers, senior judicial or military officials, senior foreign representatives, ambassadors or high commissioners, senior executives of state/government owned enterprises and the Reserve Bank Governor (or equivalent position). The definition of a PEP also includes any immediate family member of the individual (i.e. spouse, partner, child, parent etc.) and certain known associates (having regard to publicly available information) of an individual who is a PEP. Approval from a Senior Manager is required before establishing or continuing a business relationship with a PEP.
PEP Screening	This refers to the PEP check offered in the AMLHub as one of our electronic identity verification (EIV) services.
Total Entities Onboarded	Any individual or party onboarded to the AMLHub, regardless of whether they are a client or not.
Unusual Events Created	Any potential suspicions that have been created in the current period.
Unusual Events Resolved	Any potential suspicions that have been resolved, as opposed to formed, in the current period.

Matter Assurance

Creating an Assurance Period

Creating an assurance period can be done through the 'Matter Assurance' section of the AMLHub desktop.

1. Click on the  button.
2. The following pop-up window will appear.

3. If you would like to select a different period length, click on the 'period length' field. Select from the drop-down menu the new period length you would like to be applied to this assurance period.
4. If you would like to select a different date for this assurance period to start from, click on the field stating the current month and year. Select from the drop-down menu the new date you would like this assurance period to start from.
5. Click 'create'.
6. The assurance period will be created, with all of the matters verified in this period listed.

Deleting an Incomplete Assurance Period

Deleting an incomplete assurance period can be done through the 'Matter Assurance' section of the AMLHub desktop.

1. From the list of assurance periods displayed, click on this  icon, found in the 'Actions' field to the right of the assurance period date.
2. The following pop-up window will appear. Click 'delete'.

A confirmation dialog box with a light gray background. At the top, it says "Are you sure you want to delete the period:". Below this is a white rectangular box containing the text "Dec 01 2019 - Dec 31 2019". At the bottom, there are two buttons: a white button with the text "CANCEL" and a red button with the text "DELETE".

Please note: assurance periods cannot be deleted if they have been manually 'completed'.

Assuring a Matter

Assuring a matter can be done through the 'Matter Assurance' section of the AMLHub desktop.

1. Click on the period you would like to complete assurance for.
2. Click on this  icon, found to the right of the matter you would like to assure.
3. You will be redirected to a pop-up window displaying the matter's structure.

A pop-up window titled "MATTER 1234 - EXAMPLE" with a close button (X) in the top right corner. The window displays a tree structure of the matter. The root node is "Matter 1234 - Example" with a green checkmark icon. It has two child nodes: "ABC Ltd" (Private Company) and "Miss Example Individual" (Individual), both with green checkmark icons. To the right of each node are three small icons: a clock, a warning triangle, and a magnifying glass. At the bottom of the window are two buttons: a white button with the text "CANCEL" and a blue button with the text "ASSURE".

4. From this window, review the matter's details, CDD etc. and take note of any issues.
5. When the review is complete, click 'assure'.
6. The following pop-up window will appear.

Passing Assurance

1. From the pop-up window displayed above, click .
2. Click 'assure'.
3. The matter will then be displayed in this assurance period with a status of 'passed'. This status is noted under the 'Assurance' field, found to the right of the matter name.

Action Required

1. From the pop-up window displayed above, click .
2. You will then need to add any issues identified during your review of the matter.
 - Enter a name for the identified issue.
 - Describe what remediation should be implemented for this identified issue in the 'Planned Remediation' field.
 - Click .
 - The issue will then be displayed under the 'Identified Issues' field.

- Repeat this process for any additional issues identified during your review of the matter.
3. When all issues have been identified, click 'assure'.
 4. The matter will then be displayed in this assurance period with a status of 'passed'. This status is noted under the 'Assurance' field, found to the right of the matter name.

Completing an Assurance Period

Completing an assurance period can be done through the 'Matter Assurance' section of the AMLHub desktop.

1. Click on the relevant period you would like to complete assurance for.
2. Click on the  button.
3. The following pop-up window will appear. Click 'complete'.

Are you sure you want to complete this period? This action cannot be undone.

Jan 01 2020 to Jan 31 2020

CANCEL COMPLETE

4. The assurance period will then be displayed under the 'Assurance Periods' list with a status of completed. This status is noted under the 'Completed' field, found to the right of the assurance period.

Creating an Assurance Period

Creating an assurance period can be done through the 'Staff Assurance' section of the AMLHub desktop.

1. Click on the  button.
2. The following pop-up window will appear.

3. If you would like to select a different period length, click on the 'period length' field. Select from the drop-down menu the new period length you would like to be applied to this assurance period.
4. If you would like to select a different date for this assurance period to start from, click on the field stating the current month and year. Select from the drop-down menu the new date you would like this assurance period to start from.
5. Click 'create'.
6. The assurance period will appear created, with all staff vetted in this period listed.
